

Les Petits Clément

Syrah & Braucol

I.G.P. Côtes du Tarn

Indication Géographique Protégée

GRAPE VARIETIES

25 % Syrah – 75 % Braucol

GROWING

Reasoned fight, vine yield between 60 and 80 hl /ha.

CLIMATE AREA

The Atlantic and Mediterranean influences bring moisture in spring and hot weather during summer and autumn. The vines grow on the right side of the Tarn river, on a succession of alluvial terraces called « Boulbènes ».

WINEMAKING PROCESS

Bled rosé obtained after short maceration. Fermentation occurs at temperature between 15 and 18°C. Clarification by racking and fining. Membrane filtration process.
